andthomas.github.io/portfolio/

I am a motivated self learner with an eye for detail. I have recently moved into web development as I love being able to combine creativity with problem solving. I'm passionate about new technologies and driven by the satisfaction of completing projects to a high standard.

ABILITIES AND SKILLS

- HTML, CSS, Bootstrap, Photoshop
- Javascript, JQuery, Three.js
- Ruby on Rails, Node JS
- Regex, PostgreSQL
- Client management, detail oriented

ACADEMIC BACKGROUND

GENERAL ASSEMBLY WEB DEVELOPMENT IMMERSIVE STUDENT

May - August 2017

- Intensive study of front-end and back-end programming languages, including HTML, CSS, Javascript, Ruby and Node JS.
- Required high levels of self motivation and discipline to keep up with the workload.

AUSTRALIAN NATIONAL UNIVERSITY BACHELOR OF COMMERCE (INTERNATIONAL BUSINESS AND ACCOUNTING)

February 2013 - June 2016

- Winner of ANU International Business Plan Competition (as team captain) ('14)
- Competitor in the 180 Degrees Consulting competition ('15)

EXPERIENCE

GENERAL ASSEMBLY WEB DEVELOPMENT IMMERSIVE PROJECTS

Team and Independent Web Developer

- In a development team, I helped to build a social media platform called 'Fråga'. The platform uses a geocoder and a CRUD system to plot user posts on an integrated Google map. A Yandex translation API translates posts and comments into a number of languages. Dual search functions allow users to search posts by keyword or location.
- As an independent developer, I constructed a 3D model of the solar system using Three.js. I also integrated NASA flight data and a Blender model of Voyager 1 in JSON to map the flight trajectory of the satellite. The camera angle of the satellite can be altered using a Google Daydream controller.

ERNST AND YOUNG REAL ESTATE ASSURANCE JULY 2016 - MAY 2017

Accountant

- Worked with clients on a daily basis to deliver audit requirements within set deadlines.
- Worked with clients located interstate with the EY Canberra team.
- Delegated and managed tasks for team members located in the Philippines.
- Presented on a number of occasions to new interns on presentation skills and work/life balance.

ERNST AND YOUNG ASSURANCE DECEMBER 2015 - MARCH 2016

Intern

- Presented to firm partners on the future of wearable technologies in the health industry.
- Offered a graduate position at EY Sydney upon completion of internship.
